

Ashley Ann Morrison

May 28, 1986 - February 10, 2025

Ashley came into this world on May 28th, 1986. Jesus took her to heaven on February 10, 2025. Ashlee left us all way too soon, but God might have needed another angel. Ashlee was a ray of sunshine and had a smile that was captivating. She had the most beautiful spirit. Everyone who knew her adored her wit and charming personality. She was so funny and had a laugh that was hilarious, and she laughed a lot. Ashlee took pride in who she was. She treated people well and always took that extra step to help someone in need. She had a cat named Lil Baby that she adored. Ashlee had a gift of singing and won several competitions. Music was her passion and her refuge. She also loved cooking, especially with her momma. On holidays they would always make candies and enough food to feed an army!

Words cannot describe the love that Ashlee had for her precious children. Boston Michael and Londyn Ann. She simply cherished them. She would often spoil them with gifts and always showered them with love.

Ashlee went to heaven singing with that beautiful voice. She left a legacy of love.

She also left a host of family and friends who loved her

Her momma – Deborah Ann Johnston

Her sisters – Brittani Upchurch and Kandiss Armstrong

Her aunts – Marilyn Metcalf, Jennifer Nation, and Cindy Pohlenz

And many cousins, friends and coworkers.

Ashlee leaves behind the two most precious people in her life:

Londyn Ann Stanley and Boston Michael Stanley

They were the light of her life. She treasured every moment with them.

She will live on through those babies and all the people who loved her.
