“ *When we moved here from Kansas we were so lost. Byron came over in his golf cart and helped us. He was always watching over us and the rest of the neighborhood. When we got Buddy it was amazing the bond the two of them had. We know Byron will continue to watch over us and the rest of the neighbors. We have lost part of our family here on earth but know you are with our family in heaven. We will be here for you Johnnie.
With Love, Brant, Linda and Buddy*

“ Byron and I were first cousins, and as children our parents loved to travel together. I remember the many times we would go camping, and the fun times we had.

He had such a great sense of humor and loved telling funny stories. He and I had visited by phone a couple of months ago, and although he admitted his health was not as good as it used to be, he was in a good mood and laughing and joking as usual.

He will be greatly missed.
