“ *My best memory of my dad is when I was 18. The day of my mom's funeral I got the privelage of telling my dad I had just found out I was pregnant with my oldest little girl... When I looked over at him I noticed he had tears rolling down his cheeks... When I asked him if he was crying he wiped his face and eyes and said, " No baby I got a dry eye condition.." Which by the way he did have but those were real tears.. I know they were..*

“ I could write for days...the memories. This is one of my favorites ❤️ Memorial day weekend in 2009, we were camping at Powell, bunch of us for days 😊 . Alan and I were out on a jet ski having a blast. Needless to say.. the jet ski went one way and Alan and I went the other.. as I was going under water I could feel my wedding ring slide off my hand!! It broke my heart to loose my wedding ring. Valentine's Day 2011 Alan and Frankie walk in the house house, Frankie has a huge, can't contain himself smile. Alan hands me a Valentine's card. Inside the card is an identical wedding ring taped inside ❤️ . Alan was a romantic, he was always wanting me to be happy. He knew how much it meant to me to have my ring on... to show the world that I belonged to him. I love you babe XXX always.
