“ Chris and I were more like brothers than cousins growing up we were together almost every weekend. I could write a book on all the adventures we had. most involved hunting and fishing. One story I still laugh about we were in the back of a pickup going to the river fishing when Bobby hollared out the window for someone to hold on to Chris if the wind caught his big ears it would blow him out of the truck .He kept messing with Chris making him madder and madder after got to the river someone caught catfish while Bobby was bent over washing his hands in the river he called Chris dumbo the elephant. That was the last straw Chris picked up the catfish and slapped Bobby on the back with it and the fin stuck in Bobby's back. This created quite a scene with uncle Buck having to step in and calm everything down. Chris was the most easygoing guy but when the Rose temper flared up you better watch out
