“ I have no words to describe how I feel right now. I remember the first time I met Curtis and Steven, terrorizing the streets of Mead OK on their little Suzuki 50's. I was 7 they were 6 and we had just moved to Mead and I really didn't know anyone. I threw rocks at them for some reason and sure enough they rode over to me standing in our driveway where we became friends. That was in 1988 and I remember it like it was last week. We would spend a lot of time together for the next several years and I pretty much lived at their house in the summer time and on weekends. I have so many good memories growing up with the twins and could write a book that not many people would believe were true stories. He helped me grieve when my mom passed away and I will always be grateful for his friendship. I am truly sorry to hear of his passing and my thoughts and prayers are with his family.
