“ *David and I were classmates for all 12 years at Calera. He was always one of our leaders and into everything and loved by all. I can still see him in typing class with Virginia Childers. The old manual typewriters had been used so much, when you manually returned the carriages, they came off the typewriters. David loved to use one of them and during a typing test, he would return the Carriage so hard it would always come off and disrupt the class! He would always laugh so much about that. He always treated everyone kindly. Rest In Peace, Dear Friend.*

David will be missed by his Elks Lodge family. He had a great sense of humor. David liked participating in our activities and was responsible for our Annual Kentucky Derby Day celebration. Our condolences go out to his family.

David Wayne and I were in and out of each other's lives since I was 16 years old. We laughed and laughed together through our life adventures. There would be times when I had not see him in several years, once we started talking it was like we never been apart. So much fun talking about the good old days. I miss you already, but I will always have our memories. Pam Mitchell
