“ *I will always remember David's humor, good heart & that mischievous twinkle in his eyes. He had a contagious laugh & shared it often. I have so many fond memories of our times spent together with cousins at our Grandparents home. He loved God, Janet, family & friends and will be missed by many.*

“ I have a lot of fond memories of David & I fishing on a doc in Jonestown, he was a lot more patient fisherman than myself. I also remember when he stopped by a gas station I was working at near Lake Travis early one morning. He said he had just met his future wife, he said they had spent the whole night just talking to each other, I had never seen him more excited & happy. We were cousins, but we all grew up with a lot of the same problems, I believe that's why our siblings share such a close bond to this day. I wished I could of seen Grandmaw & Grandpaw Williams face light up when they greeted him at the gates of heaven. James Wood
