“ I'm so terribly sad for the loss Janiece and the family must feel at this time. I've known Janiece for 30 plus years and she has always had an endless love for her family. I've met Donna several times throughout the years and watched her children through pictures and trips Janiece would take the kids on as they were growing up. Then along came Donnas grandchildren and I watched them grow from babies through pictures. She had such love for her and has referred to Donna as a Saint. May you Janiece, along with all of the family find peace and comfort in the time you spent with her and the memories made. Sending Gods kind of love and a prayer that never ends.

“ Donna, Janiece and I have been friends since we were toddlers...we spent so much time together when we were growing up. We were always at each others house. We spent a lot of time together even after I moved away because my grandparents lived at Wapanucka and we went to see them a lot. I would go in and see my grandparents for a few minutes then head to Donna and Janiece's house. They came up to see me a few times. After graduation we kind of went in different directions. I saw Donna at Ardmore a couple of years back at Dr. Greismans office. We have been friends on Facebook a few years and it felt so good to be in touch again. Even during the years we didn't see each other the bond we had was still there the first time we got back in touch. It was so hard to believe that suddenly she was gone. One of my favorite times was when we would be at a gospel singing and her and Janiece would sing.we used to walk up to the Frosty Dip for a coke or ice cream almost as soon as I would get there. When we were teens Donna and Bobby were dating so I didn't get to spend as much time with her as I did Janiece but we stayed really close. Janiece and I would make the "circle" on main street in Wappy for hours on the weekend...not a lot to see (ha) but we did a lot of talking. I would keep in touch with Donna as much as I could. I guess what I am trying to say is that Donna and Janiece were and will always be the dearest friends I could have...our bond was never broken by space and time. My thoughts and prayers are with you her family. One thing I knew without a doubt from getting back in touch with her and also being close to Johnnie Gail was how very much she loved her kids and grandkids. You all were the most important things in her life. She left no doubt in my mind of that. I know how much she will be missed..but I also know she is in Heaven and I can't wait to see her again..maybe we can catch up on everything. Please know you are in my thoughts and prayers...never forget how much she loved you all and how proud she was of you. She was made to be a mom and grandmother and I know she cherished every minute she spent with you all. Kathy Laxton

“ *Angelia & family, so sorry to hear of your family tragedy. Your Uncle Quentin told my husband Richard the news. There is nothing I can say to make your grief any easier but wanted to send you my sympathies. I worked with Cody at Walmart, friend of Mellissa Harper & possibly worked with you at the old Walmart. We've not heard any news about your Dad, but our thoughts & prayers are that he pulls through. If I'm correct I believe my husband was in your Mom & Dad's wedding. Anyway you will always have your memories to help take the place of your loved ones!*

*Sincerely

My thoughts and prayers are with the family. I worked with Bobby many years at SWBT. A finer person you will never meet. I visited with them the last time I was in Durant and we agreed they would come to Tennessee for a long visit. They were so looking forward to their retirement years. My heart is so heavy and I know you as a family will see this time through. Just know your parents loved you all.

My heart broke when I heard about Donna. Donna and Janiece were the best friends a girl could have and we spent many days and nights talking, planning, trying on clothes and doing make-up and hair. Truer friends could not be found. Donna and Bobby were the couple that you knew and hoped you would find the kind of love for one another that they shared. I remember singing at their wedding and how the joy and love shone brightly on their faces for each other. You knew God had placed them together. A beautiful red bird came and sat on my patio wall yesterday and turned it head, looked at me for a long while as if to check that I was okay and then it flew away--this is not goodbye--it is only until we meet again in Heaven my sweet friend. I love you Donna. May God comfort and give peace to her family and friends.

The good Lord has brought one of his best angels home. She has always been an angel to me, as I was one of the lucky ones on this earth to have grown up under her loving care. I would not be the person I am today without all of the love, care, and guidance my sisters gave me. Learning how to walk was a challenge, as my feet never hit the ground. This mother, grandmother, wife, and sister can never be replaced, but her love for us will never be forgotten. My heart is broken from the loss, but we take comfort knowing this beautiful angel will be watching over us. All of our precious memories that will help us heal and mend our hearts, we will keep close and dear. Sis, you are my angel and we will miss you so very much. To my family, there are no words to ease the pain of our loss, but we know that this angels wings are the biggest and brightest in heaven. May God provide peace and comfort to us all.
