“ *Dorothy worked for District 1 in Bryan County for 20 years as the Administrative Assistant. She worked for many Commissioners, I was the last Commissioner to have had the privilege to work with her. During that brief 2 years she demonstrated her dedication to those who lived in the county and to the District 1 road hands. She was well known throughout the County and liked by everyone that met her. To her the District 1's road hands were part of her family, she was the den mother, she affectionately called them her "guys" and looked after them. Dorothy had a giving spirit, but don't let that fool you into believing she could be taken advantage of, she was also a tough ol bird, resilient and reliant . You could see she loved all her family deeply. Her grandkids seem to bring her special joy, she often talked of them with the pride of only a grandmother could, they would often visited her at the District 1's office. When I was elected into the position as the District 1's Commissioner, she took me under her wing and patiently taught me the ropes as she probably did the other Commissioners before me. I got to know that her and valued her insight. She was the County's employee, she was my friend, she will be missed. Ron Boyer - Bryan County Commissioner - District 1*
