“ *I have now Kent for many years and he was always so kind to me and a very dear friend we had so many good times together and he was one of a kind he had a kind heart he also had a ruff life and was fighting with that but even knowing that he still was a great man in my book we were always so close, we used to go riding around a bunch of us and had so much fun and wouldn't change a thing I now he is in a better place and not hurting anymore, just wonted to tell him that I love you with all my heart my Dear Friend and you will be missed so much and hope you are having fun with your family and save a seat for the rest of us will see you when it is my time and we will talk again. “ We had some fun times as children digging our big hole at Granny's, and playing in the branch. Those are the kind of memories that stay with us our entire life. My dear sweet cousin I thank you for those memories.

“ So many good times we had as children building forts and playing in the shop at mema's, etc. You always had such a big heart for animals just like me. Say hello to everyone in heaven for me. Love you Kent

“ *Memories of us being children and playing in Granny's front yard, digging holes in the sand, running and playing. Those were the good times and what I will always remember about Kent. Getting into trouble for venturing off to the "BRANCH". Kent got stung by a bumble bee on his upper lip, he was screaming and hollering. Granny put wash bluing on it, he sure looked funny, but he hushed. Love you Kent.*
