“ *Bill and I worked together at GMS for several years. Bill is someone that is inspiring to me knowing that he was terminally ill and still chose to live life to the fullest and is something I will never forget. He always had funny stories and jokes and was willing to help you if you needed anything. I am so glad he spent the last few years he had on this earth with his family. Several great memories come to mind. Once he drove all the coaches up to St Louis to watch the Rangers and Cardinals play and we got turned around ending up in Illinois! Rest in peace buddy! We miss and will never forget you!*

“ Bill and I worked together at GMS. He many times came to my office to chat on his off period. He was a multifaceted man... and a big Teddy Bear (albeit, a gun toting Teddy Bear! Ha!) (Ummm...but never at school...don't get me wrong.) I truly enjoyed our talks and his view on many topics. I loved being witness to his changing life when he fell in love with Miranda and then had a beautiful baby girl. Bill was in Heaven THEN!

I remember how he described in detail how he was planning his honeymoon in Brandon, MO, which included a guided fishing experience.....he painstakingly instructed a fishing guide how IMPORTANT it was going to be that Miranda have a good time on their fishing expedition. His guide was instructed....." It's ALL ABOUT MIRANDA!!! DON'T PAY ME NO NEVER MIND!!!! IT'S ALL ABOUT MIRANDA!!! His thinking: If Miranda has a good time this FIRST fishing trip.....she'll go again. He wanted to nurture in his bride a life long love of the outdoors.

What a great guy! He will be missed! My condolences to Miranda, his baby girl, and family.

“ Bill and I worked in Sherman and we're best buddies for years! Bill was also one of the first teachers on the United States to introduce a robotics program in our high school. Many kids received full ride scholarships due to Bill's tireless efforts. He was tons of fun! How I loved him! Wait for me in Heaven Bill-get the party started! Kelly Mercy

“ *Bill was a lot of fun to be around. We had a great time 4 wheeling and talking on the HAM radios. He was a character sometimes. When I first got my 4 wheeler, we were at his place and he had me ride through this mud hole, only it was a deep hole and the only thing sticking out were my handle bars. We then spent the next few hours pulling me out and changing the oil as water got in. He will be missed. Prayers to the family.*

“ One of my favorite memories of Bill is the conversations during lunch at GMS. He made sure the topics were lively and interesting. I felt fortunate to witness him falling in love with Miranda, and hearing the joy in his voice when he spoke of his baby girl.
