Bubba i meet u when my daughter was young and bj house, I guess u can say we click for a while, we had some really amazing time together, I most of all remember dancing with ur skinny but lol I thought I was going to break u at times, having u as a friend and a ? Was a adventure to me and my daughter u showed us love or how to be loved. And a daddy figure I know that my little girl Harley loved u and u loved her and would do anything in the world for her and still would, when we parted no matter what we always remained friends and never once regret meeting each other. I am glad I got to spend a little time with u before we said later, always remember that we all loved u dearly and we will see again, Rip my truly one and only good friend. Love u. (Don't forget to stop by and hang out with me and the others that comes)
