“ *My condolences to all of Grace's family and friends that knew and loved her. I did not see her much in the last few years but I will miss her just knowing she is gone.*

*What I admired most about Grace was you never had to worry about were she stood whether you liked it or not.*

“ *She always told my husband how good she could fish. One day we took her to a pond and she caught this big catfish. He didn't think she could get it in but she showed him...I love you mom we sure do miss you.*
