“ *My thoughts and prayers are with you all. I have my fond memories of y'all living across the street. I remember when I lost my Dad. I was driving back home and it dawned on me that the world goes on. People you come in contact with don't know you just lost a parent, they don't know your pain. But every one has to go through it...it's a part of life...*

You have your memories...cherish them! And know he is still with you in spirit!
