I went to school with James from 1st Grade to Hot Springs High School Graduation in 1968. James was a talented musician and singer (I had ambitions but NO talent). We were not always in the same classroom as Rix Elementary was very progressive and had 2 separate classrooms 1-6. I entered the military in 68 right out of high school and found myself in lots really bad situations in which I should not have survived. I am truly amazed that James is gone and I am still here... would certainly have thought the reverse. May God reward all the mighty things James and his family represent. He was certainly a great guy and will be missed by all that knew him.
