“ *To the family of Jo Ann I'm so sorry for your loss. She was a wonderful person. She took care of my daughter Alicia 32 years ago and I haven't forgotten how good she was to my child.*

“ *I meet Joann about 8 months ago. She was always happy go lucky. I would make little deals with her and she would always win but the reward was always the same thing she always wanted a milky way. That last couple of moths we would listen to her gospel music and she would tell me what her favorite ones were. She always wanted to feel good and look good. She would not ever want any one to fuss or argue around her. I do not think there was many people she did not like or talk bad about. The first time I saw her room empty it was like there was something so wrong that it does not feel the same in the room with out her beautiful smile. To her kids keep her smile and kind words with yal every day. She loved yal more than words can say. I'm so very sorry please just know that she is with god watching over yal*
