I remember JoAnne fondly from the time I was teaching at VLA. I met her through Katy, who was my student at the time, and John who also drove our buses. JoAnne was always friendly and provided a helping hand wherever it was needed. She will be missed. Katy and John, I will be praying for God's presence to comfort you.

As I sit here I can't see for the tears. I miss you so much. We may not have seen each other as often as we wanted but we had good talks! We shared memories when we talked and laughed. My heart is breaking but I know you are in our wonderful Lord's arms now. Until we see each other again, I love you baby sis.
