“ *John also had a smile and would stop and talk to you. His family did not have a lot when we were all growing up and neither did mine, but we all had love for our neighbors and helped the neighbors. i will remember John the last time a saw and visited with him. he loved to talk and so do I. John you are free of hurting now, Fly with the angels and look down on you family and watch over then. Ethel (Trammell) Houstont*
