“ I miss you tons all ready grandma one of my favorite memories of you is when we were leaving great grandma and great grandpas farm land in Oklahoma on the golf cart and you were turning the steering wheel left and right back and fourth to make me, nicole, and Cortney laugh as you went over the cattle guard doing that I hit the pole that holds up the sun cover and knocked out my front top middle two teeth. That was totally worth losing my two teeth because you were being a grandma and making us laugh!
