“ *Such a wonderful Mother, lady and friend. When your daughter AKA Addie came into my life through my daughter I gained a bonus mom for my child and became a bonus mother to yours. I could not of asked for a better woman to be that for my girl. Getting to know Karen over the years was a blessing. My prayers and love to her wonderful kids and her extended family. This lady had such a wonderful personality that could make you smile laugh and feel better if you needed , but you did not dare upset her or someone she loved as she was very protective of the ones she loved. May you rest high in that sky and know I will do all I can to be there and love our girl Addie .*
