“ *My first memories of Kay is a young mother who was struggling to make ends meet. She overcame the struggles and got her nursing degree and a good husband. I always loved her and admired her. Dale and children you are in my prayers. "Snookie"*

“ *My dear friend, my heart goes out to you and your family!
Kay was my best friend in high school and i lost contact with her after you and she took care of my youngest daughter in Bryan Memorial Hospital in 1970. I feel that i have lost so much by not being able to keep in touch like i should have but remember this, I have always loved her.
May God give you peace and if there is anything i can do for you or the family please let me know.*
