“ My Dad was the greatest man I've ever known!!
He was a hard working man, loving, caring, great personality, funny
and would help anyone anytime anywhere. He loved his wife, his
kids, his grandkids, and his great grandkids.
He never met a stranger, and sometimes it was embarrassing as a
kid when your dad just starts talking to random strangers! But that
was my dad, he never met a stranger.
Dad taught me so many things, the first thing he taught me when I
was young and helped him do things...was how to hold the
flashlight so he could see what he was working on.
But then I graduated from flashlight duty to helping him build decks,
painting, laying flooring, garden work mowing perfectly straight lines
and much more. I admired my dad so much for lots of reasons. But
one reason is because he only had a 7th grade education and he
could just look at a floor and know exactly how much carpet or tile
he needed. I just thought that was an awesome talent.
My dad has given me so many memories that I will cherish forever.
He was my rock, my protector, my dad!
I love you and I will miss you forever and always!
Love,
Your favorite daughter!

“ Kenneth Wayne Floyd had the biggest heart. He would help everyone and anyone. His huge beautiful smile would light up a room. Also, his beautiful blue eyes were as bright as the sky. He wasn't the biggest guy, but boy was he STRONG! He could lift things most of us would think, there's no way. He was goofy, funny and knew how to make you laugh when you needed it. He loved to talk! He passed that trait onto his daughter Lisa. I'll always cherish our memories of going to the Monster Truck show and then going to Schlotzsky's Deli for the best sandwiches ever. I loved going on our road trips to go to Lake Texoma to see our cousins. There are so many other memories however, I'll leave room for other people. I love you Dad! Love your favorite daughter Julie!

It has only been one week since you left our lives Ken. And I know that all of us will be sad for a while. But the joy we need to remember is that your love, laughter and easy go spirit will always be with us. We are comforted to know that you no longer have pain and that you are rejoicing in heaven with many loved ones who welcomed you to paradise.

One of my most favorite memories is the time you decided to learn to water ski one evening at lake Texoma. And when you finally got up, you did not stop till after the sun went down.

Thanks for always sharing your talents, time and energy on so many family projects through all the many years. We all loved you so much. I'm proud to say you always gave your all to anything you did.

Our deepest sympathy, prayers and love to your huge blended family.

Till we meet again big brother...

Becky & Gary Stephenson

your big Sister (and you always liked to say I was older than you to anyone who would believe you too!)
