“ My heart is broken. I met Kim at a time in my life that I was surrounded in darkness and she brought me back to the light. Her words..." When you can't think or it get's too dark, just look up!" have been with me for the last 20 years. Part of who I am is because of the kindness, wisdom and late night conversations. Thank you Kimmmy! I know you are one of the one's!

“ I am gut punched over Kim's passing! She was my friend for over 35 years. Love and hugs to her son, Chay and her grandson, Chayce. I won't ever go camping and fishing without thinking of her
