“ *Kim was always fun loving and the 'baby' sister all others learned from. Too cute - and more than happy to lead her two older sisters astray, then get them in trouble! It was so easy for her to get away with it - after all, Denise and I were older and should have known better, right?*

She had a gift for jewelry design and, like many talented people, was not quite brave enough to strike out into the market. I think she would have made a real difference if she had.

Her death will definitely leave a hole in the universe.
