“ Dear Larry and Betty,
Gloria and I were saddened by your loss. We went last night to Brown's Funeral Service Chapel and before leaving sat in a pew and prayed and shed a few tears. I remember Laura coming to our accounting offices as a little girl. It was good. Vicki said the services today went really well. Laura is at peace now and will live on in yours and many other hearts.

“ *Life is sometimes so unbelievable, but we have to believe and accept. This is one of those times when all we can do is wonder why somebody so full of life, leaves the earth. Just 36 hours before, we were talking about your present for Stephen, now we say goodbye to you. What a personality and what a loving soul. You were way too young to go. I'll always remember and I'll always be grateful*

“ Larry and family,

I discovered this earlier this morning in the Daily Oklahoman. On a whim, I thought I should check it out. Wow, what a shocker! We remember Laura as a "Little Tike" when the Electronics Department "hams" would occasionally meet at Steve's. One evening in particular, we had ordered pizza and were sitting in a circular fashion, eating, talking, enjoying each other's company and worrying about an upcoming electronics test. Laura was right in the middle of the group! That is, until someone in the group expressed dread over the upcoming test. Laura spoke up saying, "I don't have to worry about that!". Steve ran her out of his room! We were all laughing and begging her to come back in because she was so funny!

Please accept our deepest, sincere sympathy upon you and your family's loss. Life sure has some unexpected twists and turns; many of them unexplained. Incidentally, I recently came across a picture of you and I standing beside the "Avionics Demonstrator".
