“ She was such a big part of my life for so long. I have many memories of al the things we did, Like sending me down to tell Mark she had to finish doing something then she would come down when he was to talk to him. Or me being there the night little Mark was born, I will miss just knowing she was there, She was one of those friends who you didn't have to talk to every day but when you did it was just like you had never been apart. All of the family will be in my thoughts and prayers. i have to be pushed in a wheel chair because of my knees I will not be able to come to the family time or the funeral. The one who pushes me has to work Friday and Saturday but I will be there in spirit.
