“ *Lowell was always a breath of fresh air. His sense of humor was unmatched. I had the pleasure of working with Lowell on several projects over the years and as a result of Lowell's teachings early in my career, 21 successful years have passed by. I do recall a day spent at Lowells in East Texas, when I accidentally tipped over a full glass of water right onto Lowell's laptop. Lowell simply looked at me and said " thanks genius" and went and bought a new laptop. Needless to say, everytime Lowell and talked for the next 15 years, the laptop was always brought up in our conversation. The world could use a lot more Lowell Farmers! Lowell always reminded me of Garth Brooks and we always told him that. I will forever miss you my friend. My sincere Prayers and condolences to the family.*
