“ *Aunt Martha will truly be missed. I always remember her visits in the summer time when we were growing up. She always made sure she wrote letters to us, and we would write her back. When I had my children she would send them things in the mail, and always wanted a picture of them. When my youngest son got married this last September, she made sure that I was going to send her a picture. She was always loving to everyone she met. She helped Mawmaw take care of children in the church nursery when she would be in Phenix City, Alabama. She touched many lives.*

*Love you so much,
Lannie*

“ Even though we were always miles apart, we thought of you often and you were always close to our hearts.

One memory that always sticks out in my mind are the times we would go to visit you in Calhan when were little girls..., me , Debbie and Dawn, would always try to decide who was getting out of the car first cause we new that you would be at the car giving us a great big tight hug. I also remember that if I wrote you a letter or sent a card, there would always be a returned letter or card that same week because you always immediately wrote back and it was always exciting to get real mail. I will miss my cards and letters and talking with you on the phone.

I know you are now resting in peace.

*Love you Grandma :)

“ My Aunt Martha was always such a sweet and kind person. As a little girl I always loved hanging out with her on MawMaw Smiths porch in the summertime. When I was older and had kids she would send them boxes of happy meal toys and they thought it was Christmas when those toys came. In her later years I didn't get to see her but we wrote letters to each other a couple of times a year and it was always so nice to hear from her and get those hand-written letters -- she was a bright, positive light in this world. I love you Aunt Martha -- Jenny Smith Kafka
