“ *Our condolences and prayers are with you.*

We only met Mona a few times at the Tadlock reunions but glad that we got to know her.

“ *They say we are suppose to be happy because Mona B's soul has been set free to live an eternal life, but that doesn't make it any easier to let her go. I will forever have fond memories of Mona B. especially our nautilus and pecan hunting trips. Thinking of you all and extending my love and heartfelt sympathy to each of you.*
