My condolences to you and your family. We will pay for your mom's funeral instead of attorney fees if you and Michael agree to continue the legal custody arrangement and avoid the unnecessary stress on them in court or putting them at risk of being taken away from us all even for a minute by going through the state. Also this eliminates the possibility of me being awarded full custody with Michael's parental rights terminated, which will be what happens if this continues. The Choctaw Nation is backing me this time and I don't want the kids to lose y'all. Please. It's still not what's best for them. Neither is putting them through a bunch of drama that can be avoided with yet another devastating outcome guaranteed. You can use the money for whatever if you don't need it for the funeral. Please Melanie. They need us all. Let me help. I have a beautiful home on 75 acres in the country. I'm working. Dependable vehicles, quality people to help if needed. ZERO DRUGS or addicts in my world. And 592 days without my children to motivate me to keep my shit together. They love me and need me. Please. Take the money. I know it'll help. This is destroying them even if you don't see it yet. Tomorrow is not promised. They need their mother. They deserve to know they are loved and wanted. 5803141701
