“ I worked with Norma for about 4 years from 2010 at Mitsui. She was really kind, diligent, and supportive. Thanks to her, I could create a lot of new work, especially during the drastic industrial transformation period due to the shale revolution. Creation of new works always come with difficulties, but she was willing to deal with irregular tasks and really contributed a lot.  
On her private life, I was strongly impressed by that she really looked forward to traveling with her family. I sincerely pray that she may rest in peace.

“ I worked closely with Norma at Mitsui for 20+ year. She was always a soft spoken respectful person, kind to people and never raised her voice to anyone of us in the company. She loved to travel, enjoyed the nature, a miracle thumb for green plants and a big heart for all lovely little animals that she had raised in her farm. I recalled she brought back eggs from her farm and shared with us. She will always be in our heart and be remembered! May her soul rest in peace and God bless her and the families.

“ I worked with Norma at Mitsui for 10 years, she was a cheerful soul in a very dynamic workplace. When I talked to her, we would inevitably end up laughing, and that laugh was so warm and heartfelt! She always shared the places that she went and was a bit jealous of all the places she went. As much she will be missed here on earth, heaven will have gained that laughter! May her laughter that has brought me joy bring some comfort to the family. May God comfort your family during this time.
