“ I'm one of the daughters of Ouida and Kenneth Alexander's. My parents were amazing. I have not one single bad memory from them. They raised us with love, understanding and morals and standards. Two of the greatest people I've ever known. Momma used to make every holiday super special. Most especially Christmas time. She would be so excited just like we were. She would get the things she knew we wanted. She used paper sacks for stockings and filled it with all of our favorite goodies. I miss Christmas with my family but I forwarded those same special traditions to my own children when they were growing up. Now they do the same with their kids. It makes me smile. Rest in peace mom. I will miss you so much but I'm glad your with the Lord and all of the family that has passed before you. Rest with the angels momma.

Alec and I and the guys extend our deepest sympathies to you and your family during this difficult time. Your mom must have been a special person to have such a loving and caring son like you. I'm sure there will never be anything that will take the place of her in your life except love and memories of her living through you all. Please know we are thinking and praying for you all❤️
