“ *Pam was very special to me. We were best friends in Calera school. She was the only Calera friend that attended my wedding. I love you Pam.*

Pam was a good friend during high school and after. We did let life, work and kids stand in the way of keeping in touch regularly but when we saw each other we started visiting like we saw each other often. I know the last few years have been medically difficult and the struggle was so hard. I'm sure she's at peace and sitting catching up with her family and friends what passed on before her. Prayers for the family I know she's going to be missed.
