“ I was so sad when I saw the posting online in the Snyder paper about Keith's passing. We lived across the street from him growing up. He was like a member of the family. We have written to each other over the years but seem to loose touch when he moved. I was just thinking of him a few weeks ago and what fun we always had. I live in Oklahoma and if I had known he was in Oklahoma I would have visited with him. We loved him so and Mozell and Arvil. I would like to attend his service if possible. You can reach me at jrlathem@yahoo.com. He always brought joy to everyone. My thoughts are with you families. Jacqueline Lathem

“ Keith called himself Abu Kaspar and this is how we related to each other through our cats. He was a joy to work with and made a huge impression on me. I miss him and I am saddened by the loss. My prayers and thoughts are with his family.

“ Keith was one of my mentors. He guided me during my teaching pursuits. He was my evaluator during workshops. He gave me valuable tips regarding my public speaking. I wish I could attend his funeral ceremony.

Everyone here at Ibra, Oman was literally shocked to hear about the irreparable loss of a sincere friend.

We stand with Keith's family at this miserable time.

More than 1 year has passed and I just come to learn that my dear friend Keith has passed away. We spent many years together in KSA. What a sense of humour and love for good food. We stayed in touch once we returned from our travels overseas. Many times I tried to contact him and now I understand why this was impossible. R.I.P. my Bubba.

God hold Keith's precious soul when we can meet again. I worked with Keith in Tabuk and Cairo. And lastly he worked with my late wife Jayne in Tabuk and Houston. A friend in trying times and a lover of culture and language of the Middle East. May "Lisa" here's the thing McNeely and he have eternal conversations.
