“ Our family tree is complicated. We had his, hers, ours, and even theirs. We were raised with and around each other and love each other as whole. We were and are brothers and sisters never half or step. Ray loved all of his family. All of his mom's all of his dad's all of his grandparents all of his sister's and all of his brothers. Mostly he loved all of his children and grandchildren. Ray never really grasped how important he was to each and everyone of us. He will be missed. RIP big brother go rest high on that mountain knowing how loved you were and continue to be.

“Cousin Virginia was considerate enough to phone me early the other morning to let me know about Robert Ray. My brother, L.B. and cousin , Robert Norman remember playing with him when they were little boys. Betty and Rob had divorced and she was living with the children down south. My Mom and Aunt Mae liked to go visit her and took all of us a couple times a year on trips down there. We would stay in a motel while L.B. and Robert Norman stayed with them. I only know about this through stories. I was too young to remember. All my siblings and I are so very sorry for your loss. I will share with Robert Norman this heart breaking loss. We know oh too well the pain of losing a brother and our hearts grieve for you.
