“ Ronda and I graduated from Permian High School together in 1973, in Odessa, Texas. We had several classes together over the years and were both Pepettes our senior year. Ronda was always such a fun loving, sweet person! I loved calling her a friend, and really loved reconnecting with her the last few years on Facebook. It was so much fun to learn about her kids and grandkids! When Kat got married, I felt like part of the family as I watched, from engagement to wedding, the joy Ronda felt as her youngest daughter got married. We thought it was fun that we both have sons named Trevor, and we both shared our enjoyment of being involved in leadership in the community. I always knew Ronda would be a leader in whatever she did because she was so smart, so personable and so caring. She was always a sincere person and had a nice word for everyone she saw. She also spoke her mind when she needed to! Even on my worst day, Ronda could make me smile! I was broken-hearted to learn of her illness and then her passing. Please know that my thoughts and prayers are with all of her family during this difficult time. How blessed you were to have Ronda as a mother, a grandmother and a friend. I know she left you with many wonderful, funny stories to tell and lots of precious memories of your time together. May God bless you and give you peace. ❤️

Sincerely,

“ *I met Ronda several years ago at a Democrat Women's State Convention. We hit it off immediately. She had an infectious smile, a can-do attitude and a personality that just drew people to her. She was a dedicated and hard worker. It was always a delight just to be in her company. She will be missed terribly by so many.*

“Marilyn Alexander and I have been friends since the 1970s and taught together in Montana for about 20 years. The last time Marilyn visited Montana, she brought Ronda with her and both stayed overnight at my house. That was the only time I met Ronda but it was very clear how close she and Marilyn were and how much they complimented each other. I was delighted that Marilyn had found such a friend in Oklahoma and liked Ronda very much. The world is much poorer for her leaving and my sympathy goes to her entire family. Pat Johnson

“When I met Ronda after moving here from Montana, I knew I had met a soul mate. We were like two sides of the same coin. We understood each other. She could do things that I couldn't and I could do things that she couldn't. We didn't compete. We complimented. Together we could accomplish more than most groups of people. She was a leader who will leave a tremendous void. She was my best friend and I will miss her more than anyone will ever know..
