“ My dear friend/sister....I don't remember our first conversation...little things like that bother me so much now...but I do remember how fast we clicked. We had so much in common it was uncanny...even our medical problems were the same or similar. I could always talk to you, and I was honored that you could talk to me too. You were excited about the upcoming birth of my 3rd baby boy...and I will be a bit saddened to not run home to tell you everything. I know you would not want us to be sad...but the loss of you is so huge. TY for the blessing of your friendship..I'll NEVER forget you!
