“ I first met her in third grade she came up to me asking if she wanted to be my friend back then I didn't have any friends I was just a lazy and shy boy. I asked her if she played any games (I played ROBLOX and Minecraft at the time) lucky for me she said yes, she wrote her username down for me which was MiraculousLadybug something and mine was Jesusthelord12 and we both friended each other days went by, months, and then years and then I figured out she had a crush on me.. I did too but I was too young to date, lol I loved police and SWAT back then and she gave me a police necklace which I still have and on about July 19th I texted her and she wouldn't reply until I figured out about the tragedy that happened I was heart-broken I felt empty I didn't have nothing to say she was my Best Friend.

“ I remember Stephanie, Last year was my first year teaching at Madill but I just felt there was something special about Stephanie. I know she enjoyed Art class, she always got right in there and participated. I just wish I could have done more with her. I know she will be a nice memory for all who knew her.  
My deepest sympathy for all her family, friends and all who knew her.

“ I teach at Madill, have known Stephanie since she was in KG. Last year, every other week, I had duty and saw her face every day. I would say "Good Morning Stephanie", I worked constantly trying to get her to smile. I would ask if I could barrow her heels, her dress, or cute little headband she would be wearing. Sometimes she answered, sometimes she gave me a half smile in the picture. But I will treasure these memories forever. I enjoyed having her in class. I can tell you where she sat and with whom. You will be missed! Mrs. Kim
