“ You were so missed this Christmas mom. It’s just not the same without you here. I saved you a front row seat to watch everyone open their presents. Tatum and Gabe got engaged, and Gavin and Aaliyah are having a baby ❤️ I don’t know how I’m gonna get through all this without you here. I’m not ready for this next chapter without you. My heart is broken. Celebrated your second heavenly birthday. I got Tatum her first Bible for your gift, we ate at Angelina’s (even had a random bday balloon floating on the ceiling by our seats... reminded us you’re with us), told lots of stories of all our trips to eat there with you, and had some yummy Nothing Bundt cakes. We all miss you like crazy mom!!

“ Not much has changed mom. We are still living life one day at a time with no end in sight to the heartache we feel everyday. We miss you more than you could fathom. You have another great grand baby on the way. I never imagined being a grandma to all these grandsons without you here to guide me. I never imagined I would be as lost as I feel at this age. I need you more than ever, and the void I feel is bigger than ever. I drive by and blow kisses to your cross. Can you feel my love? It’s hard to hold back the tears that pour from my face every time I think about you. I randomly burst into tears when the slightest memory of you comes to mind. I try to make peace with your loss, but how do you take someone that was there everyday and make them a memory?! My heart feels like it will never heal. I loves and miss you soooo much mom ❤️
